

## Seven Figure Slump

*Number of \$1 million juveniles sold in 2008 plummets*

by  
**Matt  
O'Neil**

*"Storm Cat is now the sire of 10 \$1 million juveniles in his incredible career."*

The slowdown at the top of the juvenile sales market in 2008 has been well documented in other publications this spring. In another sign of the times, the number of seven figure two-year-olds, a figure we have tracked in the space for the past few years, declined rather drastically in 2008.

Back in 2005, 10 juveniles sold for \$1 million or more. The following year, a record 13 juveniles reached seven figures, including the audaciously priced The Green Monkey at \$16 million. In 2007, the figure dropped, but nine two-year-olds still commanded top dollar, the third highest total ever. But in 2008, only four two-year-olds sold with a seven-figure price tag.

All four of those babies were sold at the Fasig-Tipton February sale, the first time that the auction has had a monopoly on the big sellers. Only one sale had ever previously sold all the seven figure juveniles in the same year and that was the 1997 Barretts March sale at which the first three \$1 million two-year-olds in North America were sold.

### Percentage Plays

There have now been a total of 68 seven figure two-year-olds sold in North America and buyers at the very top end of the market continue to prove their acumen at picking out quality runners.

The record 2006 class of 13 seven figure juveniles have collectively proven their worth at the racetrack. E Z Warrior, a \$1.2 million graduate of the '06 Barretts March Sale, and \$2 million Fasig-Tipton February purchase Belgravia, both won graded stakes in their juvenile seasons. Last year, \$1.5 million Cowtown Cat, won a pair of graded events, the Illinois Derby (G2) and the Gotham Stakes (G3), while the \$1.1 million filly La Traviata captured a pair of stakes, including the Grade 3 Victory Ride at Saratoga. So a total of four stakes winners, all graded, have emerged from the group of 2006 \$1 million juveniles, an impressive 31%. Three other seven figure two-year-olds from that bunch are now stakes-placed, making over half of the 13 blacktype earners with a good portion of their four-year-old year yet to go.

With Sebastian County's recent win in the Northern Spur Stakes at Oaklawn, two of the nine 2007 \$1 million two-year-olds are now stakes winners. The \$1 million Fasig-Tipton February purchase had previously placed in a pair of stakes last year at two. He joins fellow February graduate, the \$1 million filly More Happy, winner of the 2007 Grade 2 Adirondack Stakes.

Overall, the buyers of seven figures juveniles in North America have done very well. Seventeen of the first 64 top-selling two-year-olds (excluding those sold in 2008), have won stakes races. That translates into 26% blacktype winners from seven figure juveniles sold. Even more impressive is the fact that all but two of those are graded winners and five have scored at the Grade 1 level. An additional six top-selling babies are now stakes-placed meaning that well over a third (36% to be exact) of the \$1 million juveniles sold in North America have earned blacktype of some kind.

### Million Dollar Sires

With a \$1.5 million colt at this February's Fasig-Tipton sale, Storm Cat is now the sire of 10 \$1 million juveniles in his incredible career. Only two other stallions, Forestry and Fusaichi Pegasus, have sold as many as three seven figures two-year-olds in North America.

Surprisingly, these top selling juveniles by Storm Cat have not measured up on the whole so far. Only Scatmandu, a \$1.1 million graduate of the 1998 Barretts March sale, has earned blacktype. He won a pair of stakes, including the Grade 3 Sport Page Handicap in his three seasons on the track. The Storm Cat sons and grandsons have fared much better. The Storm Cat stallions Stormy Atlantic, Tale of the Cat, Sea of Secrets, Forestry, Exploit, Hennessy, as well as his son Johannesburg, have sired a combined 11 \$1 million sales juveniles. Over half of them (six), have earned stakes wins so far. Five of those are winners at the graded level, including the Grade 1 winners Lion Heart (by Tale of the Cat) and Harmony Lodge (Hennessy).

### And They're Off!

As of April 20, there have been a handful of juvenile races carded across the country, including the year's first two-year-old stakes race. And, so far, the progeny of this year's first crop stallions have been prominent.

Roll Hennessy Roll, a New Mexico-based son of Hennessy, is the first of his crop to sire a stakes winner after his son Bewild Hennessy won the rich Copper Top Thoroughbred Futurity at Sunland Park on April 19. Roll Hennessy Roll captured three stakes as a juvenile in 2002, including the Grade 3 Hollywood Prevue Stakes. He is a half-brother to

another first crop stallion, the Grade 2-placed Werblin and to the stakes winners Value Plus, Majorbigtimesheet and Sing Baby Sing.

To no one's surprise, the Chapel Royals have come out firing. The first runner by the multiple graded stakes-winning son of Montbrook finished second to the good-looking Fusaichi Pegasus filly Terriffany on April 16. Chapel Royal's second starter,

Royal Card, got the job done, though, on April 19 despite unseating her rider on the way to the gate. There will no doubt be more to report on Chapel Royal in the months ahead. **JOE**
